

Internship Application

The Pacific Coast Learning Center (PCLC) is part of a network of centers across the nation facilitating science-based management and education. Internships with this center could include working alongside researchers in the natural and cultural resource fields. We also have a variety of science education projects such as creating slide shows and publications highlighting the science of the PCLC.

Please return this application to the address below. The Education Coordinator will call or meet with you to discuss our current needs and projects.

Name _____

Address _____

Phone _____

Email _____

Student ☐ Yes ☐ college ☐ high school

Educator ☐ Yes

Other _____

Would this internship meet an academic requirement?

☐ no ☐ yes (if yes, attach resumé)

Availability (months, days, hours?)

Areas of interest (check all that apply)

- ☐ Cultural Resources ☐ Native American ☐ Ranching ☐ Environmental History
☐ Natural History ☐ Aquatic Ecology ☐ Ecosystem Monitoring ☐ Wildlife Ecology
